

## **About Company:**

**Lahari Technologies** is a Web Development Company founded in 2011 and located in Hyderabad. For the last **10** years we have been helping businesses around the world develop strong, successful online presences. We provide the most practical, enjoyable experience to get the best designs and results in Digital Promotions.

We have dedicated and experienced professionals who are experts in their respective jobs. They are all well-qualified with up to date knowledge of the developments in Website Development, App Development, Search Engine Optimization and other Online Marketing fields. Our team comprises Website Developers, App Developers, Internet Marketers, SEO Executives, Content Writers, PPC Experts, Graphic Designers, Video Editors and Social Media experts.

No matter how critical the Web Development task is, we will deliver a winning formula within the stipulated budget and time frame.

## **Importance of Website:**

Website is the primary instrument to publicize your product in online marketing. Whether it is a product or a person or an organization; website is a wonderful weapon to reach the targeted viewers. Anyone can express their views to the world through the website. The website is nothing but like an office. The website is more professional then there are more chances to get more clients.

## **Why Online Branding?**

Online advertising is a large business and is growing rapidly. Internet advertising revenues in the United States surpassed those of cable television and nearly exceeded those of broadcast television.

Online advertising can reach nearly every global market, and online advertising influences offline sales.
